جدول الكميات للوحدة السكنية الواحدة

#	Description of items الوصف	Unit الوحدة	Qty الكمية	Unit price السعر	Total Price الجملة	Remarks - ملاحظات
1	Site Clearance					
1.1	Clear site of all trees , debris , bushes organic material, loose soil or as directed by the Engineer	Job	1			
2	Excavation and Earth works					
2.1	Rate shall include setting out, digging getting out, supporting the sites, disposing water, back filling, transporting excess soil, clearing and leveling bottom of excavation to receive foundation bases	MI	28			
3	Filling					
3.1	Sub-base soil (free of stones, rocks, natural grass ...etc) filling to make up floor level, filled in layers not exceeding 200 mm thick max CBR>15%), watered and rammed after each layer 95%. as per drawing and speciation, drawings and	m2	32			
4	Concreter					
4.1	provide and pour Concrete mix (1:3 :6) Plain as per drawing speciation and engineer instructions . 100mm thick for Floor finish.	m2	32			
4.2	provide and pour Concrete mix 1:2:4 reinforced packed around Rod Reinforcement and vibrated as per drawing and speciation, drawings and engineer instruction .					
4.2.1	For Grade beam	MI	28			
4.2.2	For Window & Door lintels	MI	4.25			
5	Masonry & Brick Layer					
	provide and build Concrete Hollow blocks wall (hollow blocks) size 400×200×200mm) in 1:6 c/s mortar of high quality standard to be completed as per drawing and speciation, drawings					
5.1	For walls	m2	70			

5.2	ditto but for parapet	MI	32		
6	Plasterer provide and apply plaster in 1:6 c/s mix to Internal walls & where required as per drawing and speciation, drawings and engineer instruction .				
6.1	For internal walls	m2	87		
6.2	For internal walls	m2	72		
7	Painter Supply & apply one coat prime and two finished coats Emulsion paint ,approved color & quality on walls & where required as per drawing and speciation, drawings and engineer instruction				
7.1	For internal walls	m2	87		
7.2	For internal walls	m2	72		
8	Doors & Widows				
	Provide and Fix steel door with 5 mm steel plate one side welded to 4x2 cm square hollow section with paint & lockers size 1000x2200 door , with two layers brown oil paints ,with locks ,hinges & handles as per drawing and speciation, drawings and engineer instruction .				
8.1	Door size 1000x2200mm	Each	2		
8.2	window ,but size 1000x1200mm	Each	4		
9	Electrical work				
	Supply Fix ,install connect & testing and commissioning in good working conditions the following items all to conform with ASTM including cables ,wiring ,boxes conduits or as directed by the Engineer.				
9.1	4 feet tube florescent lamp with louvers on ceiling.	Each	4		
9.2	13Amp socket plastic cover ,with pilot lamp white color	Each	2		
9.3	On – way two gang 10Am switch (Tenby or equivalent)	Each	2		
10	Roof :				
10.1	Typical roof shall be coated 26 gauge, galvanized steel ribbed panels. Technical Specifications : Supply shall include the structural metal roofing and , fasteners, sealants and any other component parts for the metal building	m2	32
