A. INTRODUCTION

1. *The International Rescue committee*

The International Rescue Committee, hereinafter referred to as “the IRC”, is a non-profit, humanitarian agency that provides relief, rehabilitation, protection, resettlement services, and advocacy for refugees, displaced persons and victims of oppression and violent conflict.

2. *The Purpose of this Request for Proposal (RFP)*

It is the intent of this RFP to secure competitive proposals to select Supplier(s) for the International Rescue committee (Sudan country Program /Blue Nile Office) to carry out (Construction, Rehabilitation and Solar Systems Installation in Alazaza and Algari) to or at the following locations (Alazaza and Algari – Alrosaris locality, Blue Nile Region, Sudan). All qualified and interested Suppliers are invited to submit their proposals as follows:

Item No.	DESCRIPTION	
Lot A	Construction, Rehabilitation and Solar System Installation in Alazaza	<ul style="list-style-type: none"> • BOQ 1 - Construction of (2Rooms) (5.15*3.8)m and (3.8*3.8)m at Alazaza Health Facility • BOQ 2 - Rehabilitation of Alazaza Health Facility • BOQ 3 - Rehabilitation of Guest house at Alazaza Health Facility • BOQ 4 - Provision and Installation of Solar System at Alazaza Health Facility
Lot B	Rehabilitation and Solar System Installation in Algari	<ul style="list-style-type: none"> • BOQ 5 - Rehabilitation of Algari Health Facility • BOQ 6 - Provision and Installation of Solar System at Algari Health Facility

Note: A Bidder may participate in one or more Lots.

The winning Bidder(s) will enter into a fixed price Agreement. Bidders shall be domiciled in and shall comply with all Government Regulations to operate in (Sudan). Bidders shall be regular taxpayers and shall furnish a copy of their operating license/certificate of registration valid for the fiscal year (2024/2025). Bidders shall not be under a declaration of ineligibility for corrupt or fraudulent practices.

3. *Cost of Bidding*

The Bidder shall be responsible for all costs associated with the preparation and submission of its bid, and IRC hereinafter referred to as “the Purchaser”, will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

B. THE BIDDING DOCUMENTS:

4. **The Bidding Documents**

The Bidder is expected to examine all instructions, forms, terms, and specifications in the bidding documents prepared for the selection of qualified suppliers. Failure to furnish all information required as per the bidding documents or to submit a bid not substantially responsive to the bidding documents in every respect will be at the Bidder's risk and may result in bid rejection.

The Bidding documents shall include the following documents:

- *The Request for Proposal – RFP (this document);*
- *Scope of Work attached. – Annex A*
- *Price offering sheet (As per BOQ) Annex F and G*
- *Signed Vendor Information form (VIF)- Annex C*
- *IRC Conflict of Interest and supplier code of conduct filled, signed & stamped – Annex D*
- *Intent to Bid filled, signed & stamped Annex E*

5. **Clarification of Bidding Documents**

A prospective Bidder requiring clarification of the Bidding Documents may notify the Purchaser in writing at su-khartoumprocurement@rescue.org. The request for clarification must reach the purchaser not later than (26th June 2025). The Purchaser shall respond by e-mail providing clarification on the bid documents no later than (29th June 2025). Written copies of the Purchaser's response (including an explanation of the query but without identifying the source of inquiry) shall be communicated to all prospective Bidders which express an intention to submit bids.

C. PREPARATION OF BIDS:

6. **Language of Bid**

The Bid and all related correspondence and documents exchanged between the Bidders and the Purchaser shall be written in (English). Any printed literature furnished by the Bidder and written in another language shall be accompanied by a (English) translation of its pertinent passages, in which case, for purposes of interpretation of the bid, the (English) version shall prevail.

7. **Documents Comprising the Bid**

The submitted bid shall include the following information. Failure to provide all requested information or to comply with the specified formats may disqualify the Bidder from consideration.

Eligibility documents that will be checked before technical evaluation (Preliminary Evaluation)

- *Profile of the company*
- *Certified or color copy of trading license.*
- *Certified or color copy of income tax clearance*
- *Copy of VAT Registration Certificate (If applicable)*
- *Certificate of Business registration*
- *Memorandum and Article of Association*
- *Vendor information form filled, signed & stamped **Annex C***
- *IRC Conflict of Interest and supplier code of conduct filled, signed & stamped – **Annex D***
- *Intent to Bid filled, signed & stamped **Annex E***

Technical (Envelop/Folder)

- *Tenderer's Scope of Work **Annex A and B***
- *Tenderer's Key Personnel with CVs and academic documents.*
- *Evidence of experience, that is Recommendation Letters or Certificates of Completion, 5 Letters/Certificates shall be submitted.*
- *Evidence of ownership of the equipment (Vehicle Receipts or Registration book) or lease agreement*
- *Technical BoQs filled, signed & stamped. **Annex F and G.***
- *Technical drawings signed & stamped- **Annex H***
- *Program/Schedule of work Form –filled, signed & stamped. **Annex I***

Financial Envelop

- **Annex F&G:** - *Tenderer's Financial Offer Priced Bills of Quantities.*
- *Other important documents bidder feels need to be attached to support his/her bid.*

8. Bid Prices.

The Bidder shall clearly indicate the unit price of the goods it proposes to supply. All unit prices shall be clearly indicated in the space provided in the price schedule, and all unit prices quoted in the RFP response shall be agreed to be in effect for a minimum of twelve (12) months beginning on the date when the contract is executed, with the exception of products or services which are subject to significant and unavoidable market forces which prevent this, in which case the Bidder shall describe and justify the driver(s) of potential price fluctuation during the first twelve (12) months of the agreement. The Bidder shall sign the price schedule and shall stamp the price schedule with the Bidding Company's seal where feasible.

9. Bid Currencies

All financial rates and amounts entered in the Bid Form and Price Schedule and used in documents, correspondence, or operations pertaining to this tender shall be expressed in (USD).

Disclaimer: IRC is not obligated to compel any bank in Sudan to process payments to vendors in USD. The Sudanese bank may retain the discretion to disburse the contract equivalent in Sudanese Pounds (SDG), utilizing the official exchange rate set by the Central Bank of Khartoum.

10. Document Establishing Goods Eligibility and Conformity to Bidding Documents

Pursuant to Clause 7, the Bidder shall furnish, as part of its bid, documents establishing the eligibility and conformity to the Bidding Documents of all goods and services, which the Bidder proposes to supply under the Contract.

The Documentary evidence of the goods' and services' conformity to the Bidding Documents may be in the form of technical specifications, literature, drawings, data (tables, graphs etc.), and shall furnish:

- A detailed description of the goods' essential technical and performance characteristics.

- A clause-by-clause commentary on the Purchaser's Technical Specifications demonstrating the goods' and services' substantial responsiveness to those specifications or a statement of deviations and exceptions to the provisions of the Technical Specifications.

The Bidder may propose alternate standards, brand-names and/or catalogue numbers in its bid, provided that it demonstrates to the Purchaser's satisfaction that the substitutions are substantially equivalent or superior to those designated in the Technical Specifications.

11. Bid Security

For the Purpose of this Tender Process, Bid Security or Bond is not applicable.

12. Period of Validity of Bids

Bids shall remain valid for 120 working days after the date of bid opening prescribed by the Purchaser. A bid valid for a shorter period may be rejected by the Purchaser as non-responsive.

In exceptional circumstances, the Purchaser may request the Bidders to extend the period of validity. The request and the responses thereto shall be made in writing by letter or e-mail. A bidder agreeing to the request will not be required nor permitted to modify his bid.

13. Format and Signing

The original bid shall be signed by the Bidder or by a person or persons authorized to bind the Bidder to the contract. Financial proposal pages of the bid shall be initialed by the person or persons signing the bid and stamped with the Bidder's company seal.

Interlineations, erasures, annotations, or overwriting shall be valid only if they are initialed by the person or persons signing the bid.

Please note: A single bidder may not bid on the same tender via more than one company under his or her ownership. In addition, bidders having close relationships with other bidders (members of the same family, subsidiary, or daughter companies, etc.) may not bid on the same tender. This type of action, or any other action judged by the Purchaser to constitute collusive behavior, will lead to the bidder(s) being automatically eliminated from this tender and disqualified from participating in future IRC tenders. On the other hand, one bidder may submit more than one offer in response to the same tender only if the offers demonstrate clear differences in specifications, quality, lead time, and other characteristic of the goods and services offered.

D. SUBMISSION OF BIDS

14. Submission and Marking of Bids:

Bidder shall submit sealed bids addressed to the **Procurement Committee, at International Rescue Committee physically at IRC office in Blue Nile Office, Al Daraja block 15 plot 20 By 6th July 2025 4:00PM (Central African Standard Time).**

Bids submitted after the deadline will not be accepted. The PURCHASER may, at its discretion, extend the deadline for the submission of bids, in which case all rights and obligations of the PURCHASER and Bidders, as documented in the RFP, will be applicable to the new deadline.

Bidders shall sign the bid register form at the reception of the IRC office indicating their company name, telephone number, and date of submission.

Bidders shall sign the bid register form at the reception of the IRC office indicating their company name, telephone number, and date of submission.

Format

The Bidder's proposal shall include a technical proposal and a financial proposal, in separate sealed envelopes. Clearly indicate the Lot Number and Lot Title you are bidding for.

15. *Modification and Withdrawal of Bids*

The Bidder may modify or withdraw its Bid after submission, provided that written notice of the modification, including substitution or withdrawal of the Bids, is received by the Purchaser prior to the deadline prescribed for submission of Bids.

The Bidder's modification or withdrawal notice shall be prepared, sealed, marked, and dispatched. No Bid may be modified after the deadline for submission of bids.

E. BID OPENING AND EVALUATION

16. *Preliminary Examination*

The Purchaser will examine the bids to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed and whether bids are generally in order.

17. *Evaluation and Comparison of Bids*

Bids determined to be substantially responsive as per section 7 above will be considered evaluated by the IRC Procurement Committee, with the below scoring criteria.

EVALUATION CRITERIA	DESCRIPTION	WEIGHT (%)
Eligibility	Refers to Bidder's ability to demonstrate that they have valid business registration, tax certificate, and all registration documents as required by the laws of Sudan. Eligibility criteria will be scored YES / NO. Yes, will proceed to full technical evaluation and NO will be excluded from	Preliminary to pass to the next stage

	Technical and Financial evaluation.	
Key Staff Capacity	Contractor's Site Supervisor should be a qualified civil Engineer (bachelor's degree) or equivalent with at least five years' project management experience. (Attach CV). Referring to the technical experience of the responsible civil engineers and those individuals who are assigned to this project. The presented personnel shall work with the IRC to supervise the construction and must be present to deliver the project.	10%
Program of Work (Work schedule) <i>Annex I</i>	Referring to Bidder, providing the most advantageous Work schedule in terms of weeks (7days/Week). Please specify in weeks for each BoQ structure in case you are bidding for more than one BoQ.	20%
Payment terms (Credit period and terms agree with IRC payment terms in installments as detailed in each BoQ. Annex F and G	The Purchaser payment terms are to pay within 30 calendar days of acceptance of services and receipt of invoice.	10%
Past Experience	Refers to Bidders ability to demonstrate relevant experience and technical knowledge of the services required, experience working with IRC and other INGOs. Evidence of experience, that is Recommendation Letters or Certificates of Completion, 5 Letters/Certificates of completion shall be submitted.	10%
Financial proposal (Offer as per price schedule / Bill of quantities) Annex F and G	Referring to the offer price, including taxes, duties, delivery charges, and payment terms. This shall be weighed against the lowest evaluated bid after technical evaluation, attaining the highest score 50%.	50%
		100%

18. Contacting the Purchaser

Subject to Clause 5, no Bidder shall contact the Purchaser on any matter relating to its bid, from the time of the bid opening to the time the Contract is awarded or the selected qualified supplier is announced.

19. Notification of Award

Prior to the expiration of the period of bid validity, the Purchaser shall notify the successful bidder in writing or where necessary by telephone that his or her bid has been accepted and,

selected for Master Purchase Agreement for the specific goods and/or services. At this stage IRC may also choose to negotiate with the selected bidder to finalize the offer.

F. CONTRACTING

20. Contract award and notification

The Purchaser shall award the Contract to the notified successful Bidder(s) whose bid has been determined to be substantially responsive and has been determined to be the best evaluated bid considering price and performance factors, provided further that the Bidder is determined to be qualified to enter into a Master Purchase Agreement and perform its obligations satisfactorily.

21. Warranty

The Supplier shall warrant that the goods to be supplied are new, unused, of the most recent or current models (products), and meet the Purchaser's specifications.

The warranty shall remain valid for a period of time as may be specified by the supplier in the Bid and this warranty period shall be considered as one of the bid advantages, and shall in no case be less than that which is provided for by (Sudan) Law if any.

22. Inspection

The Purchaser shall have the right to inspect the goods to confirm their conformity to the specification. The inspection will be conducted by assigned staff of the Purchaser or a reputed relevant consultant selected by the Purchaser.

In the future business relation, should any inspected goods fail to conform to the specification, the Purchaser may reject them and the Bidder shall replace the rejected goods without extension of time except at the Purchaser's sole discretion.

23. Price Schedules and Location

There is total of six (6) Bill of Quantities:

- **Lot A – Contains 4 BOQs**
 - BOQ 1 - Construction of (2Rooms) (5.15*3.8)m and (3.8*3.8)m at Alazaza Health Facility
 - BOQ 2 - Rehabilitation of Alazaza Health Facility
 - BOQ 3 - Rehabilitation of Guest house at Alazaza Health Facility
 - BOQ 4 - Provision and Installation of Solar System at Alazaza Health Facility
- **Lot B – Contains 2 BOQs**
 - BOQ 5 - Rehabilitation of Algari Health Facility
 - BOQ 6 - Provision and Installation of Solar System at Algari Health Facility

24. Service or consultant agreements

For service or consultant agreements time and material awards are not authorized unless it is the only suitable award and a ceiling is established.

25. Disclaimer

The Purchaser reserves the right to alter the dates of the timetable.

The Purchaser does not bind itself to accept the lowest or any proposal.

The Purchaser is not under obligation to compel Banks in Sudan to make payment to the vendor in USD

G. ETHICAL OPERATING STANDARDS

1. Compliance to the IRC Way

The IRC Way: Standards for Professional Conduct (“The IRC Way”), the IRC’s code of conduct, which can be found at: <https://www.rescue.org/page/our-code-conduct> and IRC’s combating Trafficking in Persons Policy, which can be found at: <https://rescue.app.box.com/s/h6dv915b72o1rmapxg3vczbqxjtboyel>. The IRC Way provides three (3) core values - Integrity, Service, and Accountability – and twenty-two (22) specific undertakings.

The IRC Way provides, inter alia, that IRC does “not engage in theft, corrupt practices, nepotism, bribery, or trade in illicit substances.” IRC’s procurement systems and policies are designed to maximize transparency and minimize the risk of corruption in IRC’s operations.

IRC requests that a supplier

- (i) informs IRC upon becoming aware that the integrity of IRC’s business has been compromised during the RFP process, and
- (ii) Reports such events through IRC’s confidential hotline, Ethics point, which can be accessed at www.ethicspoint.com or via toll-free (866) 654–6461 in the U.S., or collect (503) 352–8177 outside the U.S.

2. Bidder Non Collusion Statement

IRC prohibits collusion and will disqualify all bids where collusion is detected. Collusion happens when related parties submit separate bids for the same tender. Collusion includes situations where:

- a) Members of the same family submit separate bids for the same tender
- b) Separate companies owned by the same person submit separate bids for the same tender
- c) Employees of a bidding company submitting separate bids through companies they own for the same tender
- d) Partners in a bidder submitting separate bids under their own names/ companies they own for the same tender

It is collusion for a person to be involved in more than companies/ businesses submitting a bid to the same tender. Collusion will lead to IRC disqualifying the involved Individuals or companies from that tender as well as disqualify them from submitting bids for future tenders. In addition, IRC may share information relating to this collusion with other international aid organizations operating in the region leading to loss of business opportunities for the colluders.

ANNEX A - SCOPE OF WORK (LOT A)

Scope of Work (SOW) – for BOQ 1

Construction of (2Rooms) (5.15*3.8) m and (3.8*3.8) m at Alazaza Health Facility – Alrosires locality

The following technical statement of work is designed to set an appropriate standard and the technical attributes for Construction required in the above-mentioned Construction of (2Rooms) (5.15*3.8) m and (3.8*3.8) m at Alazaza Health Facility in Alrosires locality in Blue Nile Region:

The Construction works in Alazaza Health Facility shall include the detailed works as per BOQs attached.

The statement of work below should be read in parallel with conceptual design drawings and BOQs attached in the Annex.

All quantities, distances, levels, heights, specifications must be confirmed by the contractor to achieve the standards required by the IRC.

Below are the important summary of the required Construction works, for more detail referring to BOQ, the work shall include but not limited to the following:

- Excavation and Backfilling works
- Concrete work
- Masonry work

- Plastering work
- Painting Work
- Roofing
- Electrical work
- Steel and Iron works

Work Requirements

The Contractor shall, at his own expense, visit the project site for inspection and study all the circumstances surrounding the implementation before submitting its prices.

The price provided for the Construction includes all required works, The contractor shall supply the required materials for the work of good quality, compiled with required standards and specifications, and provide certificate of compliance whenever needed.

Scope of Work (SOW) for BOQ - 2

Rehabilitation of Alazaza Health Facility– Alrosires locality

The following technical statement of work is designed to set an appropriate standard and the technical attributes for rehabilitation required in the above-mentioned rehabilitation of Health Facility in Alrosires locality in Blue Nile Region:

The rehabilitation work in Alazaza Health Facility shall include the detailed work as per BOQs attached.

The statement of work below should be read in parallel with conceptual design drawings and BOQs attached in the Annex.

All quantities, distances, levels, heights, specifications must be confirmed by the contractor to achieve the standards required by the IRC.

Below are the important summary of the required rehabilitation works, for more detail referring to BOQ, the work shall include but not limited to the following:

- Roof works.
- General Maintenances. (Pharmacy Maintenance)
- Painting Works.
- Plumbing works.

- E. Platform Work
- F. Flooring works(ceramic)

Work Requirements

The Contractor shall, at his own expense, visit the project site for inspection and study all the circumstances surrounding the implementation before submitting its prices.

The price provided for the rehabilitation includes all required work, supplies, installation, and replacement of the damaged works, as well as repair and maintenance of all that may be affected by other works.

The contractor shall supply the required materials for the work of good quality, compiled with required standards and specifications, and provide certificate of compliance whenever needed.

Scope of Work (SOW) for BOQ 3

Rehabilitation of Guest house at Alazaza Health Facility – Alrosires locality

The following technical statement of work is designed to set an appropriate standard and the technical attributes for rehabilitation required in the above-mentioned Rehabilitation of Guesthouse at Alazaza Health Facility in Alrosires locality in Blue Nile Region:

The rehabilitation work in the Guesthouse at Alazaza Health Facility shall include the detailed work as per BOQs attached.

The statement of work below should be read in parallel with conceptual design drawings and BOQs attached in the Annex.

All quantities, distances, levels, heights, specifications must be confirmed by the contractor to achieve the standards required by the IRC.

Below are the important summary of the required rehabilitation works, for more detail referring to BOQ, the work shall include but not limited to the following:

- General Site Preparation and cleaning works
- Roof maintenance work
- General maintenance work
- Electrical Work

- Painting Works.
- Fencing works
- Latrine works

Work Requirements

The Contractor shall, at his own expense, visit the project site for inspection and study all the circumstances surrounding the implementation before submitting its prices.

The price provided for the rehabilitation includes all required works, supplies, installation, and replacement of the damaged works, as well as repair and maintenance of all that may be affected by other works.

The contractor shall supply the required materials for the work of good quality, compiled with required standards and specifications, and provide certificate of compliance whenever needed.

4: Scope of Work (SOW) for BOQ 4

Provision and Installation of Solar Light System at Alazaza HF – alrosires locality

The following technical statement of work is designed to set an appropriate standard and the technical attributes for installation of solar system required in the above-mentioned installation of Health Facility in Alrosires locality in Blue Nile Region:

The installation works in alazaza Health Facility shall include the detailed works as per BOQs attached.

The statement of work below should be read in parallel with conceptual design drawings and BOQs attached in the Annex.

All quantities, distances, levels, heights, specifications must be confirmed by the contractor to achieve the standards required by the IRC.

Below is the important summary of the required installation work, for more detail referring to BOQ, the work should include but not limited to the following:

- G. Installation of monocrystalline solar cells works and Supply and a cell holder
- H. Provision of high-Quality Battery work Supply and installation battery box holder
- I. Provision of Hybrid Inverter work
- J. Supply and extension of coercive wire cables. Work
- K. Supply and installation of electrical lamp and installation of electrical Indian fan
- L. Supply and apply a cell holder
- M. Solar Light column works

N.) Work Requirements

The Contractor shall, at his own expense, visit the project site for inspection and study all the circumstances surrounding the implementation before submitting its prices.

The price provided for the installation of Solar includes all required work,

The contractor shall supply the required materials for the work of good quality, compiled with required standards and specifications, and provide certificate of compliance whenever needed.

ANNEX B – SCOPE OF WORK (LOT B)

Scope of Work (SOW) for BOQ 5

Rehabilitation of Algari Health Facility – Alrosires locality

The following technical statement of work is designed to set an appropriate standard and the technical attributes for rehabilitation required in the above-mentioned rehabilitation of Algari Health Facility in Alrosires locality in Blue Nile Region:

The rehabilitation work in Algari Health Facility shall include detailed work as per BOQs attached.

The statement of work below should be read in parallel with conceptual design drawings and BOQs attached in the Annex.

All quantities, distances, levels, heights, specifications must be confirmed by the contractor to achieve the standards required by the IRC.

Below are the important summary of the required rehabilitation works, for more detail referring to BOQ, the work shall include but not limited to the following:

- Site cleaning works
- Concrete works
- Masonry Works
- Backfilling works
- Roof works.
- Steel Works
- Electrical works
- Ceramic works
- Plastering works
- Painting Works.

Work Requirements

The Contractor shall, at his own expense, visit the project site for inspection and study all the circumstances surrounding the implementation before submitting its prices.

The price provided for the rehabilitation includes all required works, supplies, installation, and replacement of the damaged works, as well as repair and maintenance of all that may be affected by other works.

The contractor shall supply the required materials for the work of good quality, compiled with required standards and specifications, and provide certificate of compliance whenever needed.

Scope of Work (SOW) for BOQ 6

Provision and Installation of Solar Light System at Algari Health Facility

The following technical statement of work is designed to set an appropriate standard and the technical attributes for installation of solar system required in the above-mentioned Health Facility in Alrosires locality in Blue Nile Region:

The installation work at Algari Health Facility shall include the detailed work as per BOQs attached.

The statement of work below should be read in parallel with conceptual design drawings and BOQs attached in the Annex.

All quantities, distances, levels, heights, specifications must be confirmed by the contractor to achieve the standards required by the IRC.

Below is the important summary of the required installation work, for more detail referring to BOQ, the work shall include but not limited to the following:

- Installation of monocrystalline solar cells work and Supply and a cell holder.
- Provision of high-Quality Battery work Supply and installation a battery box holder
- Provision of Hybrid Inverter work
- Supply and extension of coercive wire cables. Work
- Supply and installation of electrical lamp and Supply and installation of electrical Indian fan
- Supply and apply a cell holder make of pipe
- Solar Light column works

Work Requirements

The Contractor shall, at his own expense, visit the project site for inspection and study all the circumstances surrounding the implementation before submitting its prices.

The price provided for the installation of Solar includes all required work.

The contractor shall supply the required materials for the work of good quality, compiled with required standards and specifications, and provide certificate of compliance whenever needed.

- BIC/SWIFT code: consists of 8-11 characters used to identify the vendors bank during an international transaction
- IBAN number: is used to identify the vendors bank account involved in the international transaction
- The intermediary/correspondent bank is a third-party bank used by the vendor's bank to facilitate international transfers. The vendor can obtain this information from their corresponding bank.

Vendor Self-Certification of Eligibility

Company certifies that:

1. They are not debarred, suspended, or otherwise precluded from participating in major donor (e.g. European Union, European and United States Government, United Nations) competitive bid opportunities.
2. They are not bankrupt or being wound up, are having their affairs administered by the courts, have entered into arrangements with creditors, have suspended business activities, are the subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations.
3. They have not been convicted of an offense concerning their professional conduct.
4. They have not been guilty of grave professional misconduct proven by any means that the contracting authority can justify, or been declared to be in serious breach of contract for failure to comply with their contractual obligations towards any contracts awarded in the normal course of business.
5. They have fulfilled obligations related to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which they are established or with those of the country where the contract is to be performed.

Vendor's Initials | _____

6. They have not been the subject of a judgment for fraud, corruption, involvement in a criminal organization or any other illegal activity.
7. They maintain high ethical and social operating standards, including:
 - Working conditions and social rights: Avoidance of Child Labor, bondage, or forced labor; assurance of safe and reasonable working conditions; freedom of association; freedom from exploitation, abuse, and discrimination; protection of basic social rights of its employees and the IRC's beneficiaries.
 - Environmental aspects: Provision of goods and services with the least negative impact on the environment.
 - Humanitarian neutrality: Endeavoring to ensure that activities do not render civilians more vulnerable to attack, or bring unintended advantage to any military actors or other combatants.
 - Transport and cargo: Not engaged in the illegal manufacture, supply, or transportation of weapons; not engaged in smuggling of drugs or people.
8. Company warrants that, to the best of its knowledge, no IRC employee, officer, consultant or other party related to IRC has a financial interest in the Company's business activities, nor is any IRC employee related to principals or owners of the company. Discovery of an undisclosed Conflict of Interest situation will result in immediate revocation of the Company's Authorized Vendor status and disqualification of Company from participation in future IRC procurement.
9. Vendor hereby confirms that the organization is not conducting business under other names or alias's that have not been declared to IRC.
10. Vendor hereby confirms it does not engage in theft, corrupt practices, collusion, nepotism, bribery, or trade in illicit substances.

By signing the Vendor Information Form you certify that your Company is eligible to supply goods and services to major donor funded organizations and that all of the above statements are accurate and factual.

IRC Conflict of Interest and Vendor Code of Conduct

Vendor hereby agrees that Vendor and Vendor's employees and subcontractors, if any, shall abide by and follow all established written policies of IRC related to work conduct, including, but not limited to, The IRC Way: Standards for Professional Conduct ("The IRC Way"), the IRC's code of conduct, which can be found at: <https://www.rescue.org/page/our-code-conduct> and IRC's Combating Trafficking in Persons Policy, which can be found here: <https://rescue.app.box.com/s/h6dv915b72o1rmapxg3vczbqxjtboye1>. The IRC Way provides three (3) core values - Integrity, Service, and Accountability – and twenty-two (22) specific undertakings. Vendor acknowledges that all IRC employees and independent contractors are expected to apply these core values and follow these undertakings in carrying out work on behalf of IRC. It is a point of pride for IRC to apply these behavioral standards in IRC's everyday operations.

Integrity - At IRC, we are open, honest and trustworthy in dealing with beneficiaries, partners, co-workers, donors, funders, and the communities we affect.

- We work to build the trust of the communities in which we work and sustain the trust earned by our reputation in serving our beneficiaries.
- We recognize that our talented and dedicated staff are our greatest asset and we conduct ourselves in ways that reflect the highest standards of organizational and individual conduct.
- Throughout our work, IRC respects the dignity, values, history, religion, and culture of those we serve.
- We respect equally the rights of women and men and we do not support practices that undermine the human rights of anyone.
- We refrain from all practices that undermine the integrity of the organization including any form of exploitation, discrimination, harassment, retaliation or abuse of colleagues, beneficiaries, and the communities in which we work.
- We do not engage in theft, corrupt practices, nepotism, bribery, or trade in illicit substances.

Vendor's Initials _____

- We accept funds and donations only from sources whose aims are consistent with our mission, objectives, and capacity, and which do not undermine our independence and identity.
- We support human rights consistent with the UN Universal Declaration of Human Rights and The Convention on the Rights of the Child.
- We rigorously enforce the UN Secretary General's Bulletin on the Protection from Sexual Exploitation and Abuse of Beneficiaries.
- IRC recognizes its obligation of care for all IRC staff and assumes their loyalty and cooperation.

Service - At IRC, our primary responsibility is to the people we serve.

- As a guiding principle of our work, IRC encourages self-reliance and supports the right of people to fully participate in decisions that affect their lives.
- We create durable solutions and conditions that foster peace, stability and social, economic, and political development in communities where we work.
- We design programs to respond to beneficiaries' needs including emergency relief, rehabilitation, and protection of human rights, post-conflict development, resettlement, and advocacy on their behalf.
- We seek to adopt best practices and evidence-based indicators that demonstrate the quality of our work.
- We endorse the Code of Conduct for the International Red Cross and Red Crescent Movement and NGOs in Disaster Relief.

Accountability - At IRC, we are accountable – individually and collectively – for our behaviors, actions and results.

- We are accountable and transparent in our dealings with colleagues, beneficiaries, partners, donors, and the communities we affect.
- We strive to comply with the laws of the governing institutions where we work.
- We maintain and disseminate accurate financial information and information on our goals and activities to interested parties.
- We are responsible stewards of funds entrusted to our use.
- We integrate individual accountability of staff through the use of performance evaluations.
- We utilize the resources available to our organization in order to pursue our mission and strategic objectives in cost effective ways.
- We strive to eliminate waste and unnecessary expense, and to direct all possible resources to the people we serve

Conflict of Interest and Legal Compliance

- Vendor hereby warrants that, to the best of its knowledge, no IRC employee, officer, consultant or other party related to IRC has a financial interest in the Vendor's business activities.
- Vendor hereby warrants that, to the best of its knowledge, no IRC employee, officer, consultant or other party related to IRC has a family relationship with the vendor's owners.
- Discovery of an undisclosed conflict of interest will result in immediate termination of any Agreement and disqualification of Vendor from participation in current and future IRC activities.
- Vendor hereby warrants that the organization is not conducting business under other names or alias's that have not been declared to IRC.
- Vendor hereby warrants that it does not engage in theft, corrupt practices, collusion, nepotism, bribery, trade in illicit substances, or terrorism or support of terrorism.
- Vendor hereby warrants that it complies with all applicable laws, statutes and regulations, including, but not limited to, export controls, import controls, customs regulations, trade embargoes and other trade sanctions and laws governing unlawful boycotts and payments to foreign government officials.

Vendor's Initials | _____

Vendor hereby agrees to maintain high ethical and social standards:

- Working conditions and social rights: Avoidance of child labor, bondage, or forced labor; assurance of safe and reasonable working conditions; freedom of association; freedom from exploitation, abuse, and discrimination; protection of basic social rights of its employees and IRC’s beneficiaries; prohibition of trafficking in persons.
- Environmental aspects: Provision of goods and services with the least negative impact on the environment.
- Humanitarian neutrality: Endeavoring to ensure that activities do not render civilians more vulnerable to attack, or bring unintended advantage to any military actors or other combatants.
- Transport and cargo: Not engaged in the illegal manufacture, supply, or transportation of weapons; not engaged in smuggling of drugs or people.

Disclosures of conflict of interest shall be made in writing to the IRC Supply Chain Coordinator or Deputy Director of Operations in your country. For global procurement, please write to GSCQA. Email: GSCQA@rescue.org.

These IRC officials shall then determine whether a conflict exists and is material, and whether the contemplated transaction may be authorized as just, fair, and reasonable. If conflict exists, then the vendor with such a conflict shall be prohibited from participating in the transaction.

If you believe that any IRC employee, volunteer or intern is acting in a manner that is inconsistent with these Standards, please notify a supervisor or the confidential helpline Ethicspoint, irc.ethicspoint.com or call Ethicspoint toll-free (866) 654-6461 in the U.S./call collect (503) 352-8177 outside the U.S. There will be no retaliation against any person who raises concerns that are based on good faith belief of improper conduct. An intentionally false report or a failure to report conduct that is known to violate these standards may result in disciplinary action.

By signing this statement vendor acknowledges any violation of the above IRC policies will result in immediate termination of any agreement in place and disqualification from participation in future IRC activities.

Annex D

IRC Conflict of Interest and Supplier Code of Conduct

Supplier hereby agrees that Supplier and Supplier's employees and subcontractors, if any, shall abide by and follow all established written policies of IRC related to work conduct, including, but not limited to, The IRC Way: Standards for Professional Conduct ("The IRC Way"), the IRC's code of conduct, which can be found at: <https://www.rescue.org/page/our-code-conduct> and IRC's Combating Trafficking in Persons Policy, which can be found here: <https://rescue.app.box.com/s/h6dv915b72o1rnapxg3vczbqxjtboyel>.

The IRC Way provides three (3) core values - Integrity, Service, and Accountability – and twenty-two (22) specific undertakings. Supplier acknowledges that all IRC employees and independent contractors are expected to apply these core values and follow these undertakings in carrying out work on behalf of IRC. It is a point of pride for IRC to apply these behavioral standards in IRC's everyday operations.

Integrity - At IRC, we are open, honest and trustworthy in dealing with beneficiaries, partners, co-workers, donors, funders, and the communities we affect.

- We work to build the trust of the communities in which we work and sustain the trust earned by our reputation in serving our beneficiaries.
- We recognize that our talented and dedicated staff are our greatest asset and we conduct ourselves in ways that reflect the highest standards of organizational and individual conduct.
- Throughout our work, IRC respects the dignity, values, history, religion, and culture of those we serve.
- We respect equally the rights of women and men and we do not support practices that undermine the human rights of anyone.
- We refrain from all practices that undermine the integrity of the organization including any form of exploitation, discrimination, harassment, retaliation or abuse of colleagues, beneficiaries, and the communities in which we work.
- We do not engage in theft, corrupt practices, nepotism, bribery, or trade in illicit substances.
- We accept funds and donations only from sources whose aims are consistent with our mission, objectives, and capacity, and which do not undermine our independence and identity.
- We support human rights consistent with the UN Universal Declaration of Human Rights and The Convention on the Rights of the Child.
- We rigorously enforce the UN Secretary General's Bulletin on the Protection from Sexual Exploitation and Abuse of Beneficiaries.
- IRC recognizes its obligation of care for all IRC staff and assumes their loyalty and cooperation.

Service - At IRC, our primary responsibility is to the people we serve.

Annex F – Price Offer (Lot A)**Price Offer Sheet- (Lot A - BOQ 1)**

BOQ 1- Construction of (2Rooms) (5.15*3.8)m and (3.8*3.8)m at Alazaza Health Facility					
Item	Description	Unit	QTY	Unit Price (USD)	Total Price (USD)
	Civil Works:				
1	Excavation work				
1.1	Excavation of strip foundation, width 50cm, depth 80 cm, as per drawing and engineer instruction حفر أساس شريطي بعرض 50سم وعمق 80سم حسب توجيهات المهندس المشرف	ML	26		
2	Backfilling work				
2.1	Supply and apply one layer of selected backfilling material (fine sand) below the strip foundation, layer thickness 20 cm, layer to be sprinkle with water before compaction توريد وعمل ردميات بالتربة الرملية الناعمة ارتفاع 20سم داخل الأساس تمندل جيدا بعد الرش بالماء حسب توجيهات المهندس المشرف	M3	3		
2.2	Supply and apply 2 layers of selected backfilling material (fine sand) inside the building, layer thickness 25 cm, layer to be sprinkle with water before compaction. توريد وعمل ردميات بالتربة الرملية الناعمة داخل المبنى، ارتفاع 20سم تمندل جيدا بعد الرش بالماء حسب توجيهات المهندس المشرف	M3	40		
2.3	Supply and place in layer Granite stone up to 60 cm height, voids between stone to be filled with fine sand and sprinkled well with water. توريد وعمل لبشة من الحجر بابعاد 60x50سم تخوض بالسفاية والماء مع الدك الجيد	M3	8		
3	Concrete work				
	work to be done as per the general technical specifications, and the price includes formworks to give a smooth and clean outer surface, and all the materials necessary to complete the work, locally made Portland cement, graded aggregate which free of impurities, coarse sand (kangar), usable water free of impurities, rebar locally-made, with good concrete treatment and curing with water 3 times a day for a period of 3 days, debris to be removed, يتم العمل على حسب المواصفات الفنية العامة والسعر يشمل عمل القرم اللازمة لإعطاء سطح خارجي أملس ونظيف، وكل المواد اللازمة لانجاز العمل من اسمنت بورتلاندى محل الصنع وركام متدرج وخالي من الشوائب ورمل خشن (كنجر) ومياه صالحة للاستخدام خالية من الشوائب وحديد تسليح جيد محلى الصنع، مع المعالجة الخرسانية الجيدة ورشها بالماء على 3 مرات يوم لمدة زمنية 3 أيام، مع إزالة الأتقاض				
3.1	Supply and apply 10 cm plain concrete 1:3:6, As per specification and engineer instruction. توريد وعمل خرسانة بيضاء 1:3:6 سمك 10 سم على حسب أصول الصنعة وتوجيهات المهندس المشرف	M3	5		
3.2	Supply and apply reinforced concrete 1:2:4, for the grade beam 30*30 cm, use 6 bars 16mm Dia, 8mm links each 20 cm.	M3	2.4		

	توريد وصب خرسانة مسلحة 1:2:4 (بحديد تسليح 4لينيا عدد 6 مع كانات 8 ملم كل 20 سم) للقريد بيم (30×30) سم				
3.3	Supply and apply reinforced concrete 1:2:4, for the lintel beam 30*20 cm, use 4 bars 16mm Dia, 8mm links each 20 cm. توريد وصب خرسانة مسلحة 1:2:4 (بحديد تسليح 4 لينيا عدد 4 مع كانات 8 ملم كل 20 سم) لبم العتب (30×20) سم	M3	1.6		
4	Masonry work				
	masonry work to be done with red bricks, classified number (1) , the price includes the work of the necessary scaffolding, cutting and forming bricks for the joint and door openings, and all the materials necessary to complete the work such as ordinary Portland cement locally made, clean sand, water to be free of impurities, and curing with water 3 times per day for week, with the removal of debris يتم البناء بالطوب الأحمر المصنف نمرة (1) الخالي تماما من الطوب الأصفر والطوب الفايير , السعر يشمل عمل السقائل اللازمة وقطع وتشكيل الطوب لأجل الرباط وفتحات الأبواب وكل المواد اللازمة لانجاز العمل من اسمنت بورتلاندى عادى محلى الصنع ورملة جيدة وماء خالى من الشوائب ورشها بالمادة على 3 مرات يوم لمدة زمنية أسبوع , مع إزالة الأنقاض				
4.1	Supply materials and build 1½ bricks, cement/sand 1:8, total height 4.5 m including the parapet wall توريد وعمل مباني سماكة طوبة ونصف بالمونة الأسمنتية 1:8 ارتفاع 4.5 م شامل البربيت	M2	119		
4.2	Supply materials and build 2 bricks wall bellow the grade beam using 1:8 cement mortar, total height 30 cm توريد وعمل مباني سماكة طوبتين للقصة بالمونة الأسمنتية 1:8 ارتفاع 30 سم	M2	8		
5	Plastering work				
	Plastering work to be as per the general technical specifications, The price includes the supply of all materials necessary to complete the work such as local Portland cement, clean sand free of impurities and pure water, and the settlement of walls by removing the protrusions, with curing by water at least 3 times a day for a week and removing all debris after the end of the stage. يتم عمل البياض حسب المواصفات الفنية العامة السعر يشمل توريد المواد اللازمة لانجاز العمل من اسمنت بورتلاندى محلى ورملة مغرلة وخالية من الشوائب وماء صالح للاستخدام , وتسوية الحوائط بإزالة النتوات مع الرش بالماء على الاقل 3 مرات يوميا ولمدة أسبوع وإزالة وترحيل الأنقاض بعد نهاية المرحلة				
5.1	Supply and apply 2cm plastering for enternal and external walls with sand cement mortar 1:8 mix, as per specification and engneer instruction, price include the parapet. توريد وعمل بياض سمك 2 سم بالمونة الأسمنتية 1:6 للحوائط من الداخل و الخارج شامل المعابر والسوكات السعر شامل البربيت حسب اصول الصنعة	M2	260		
6	Painting Work				
	Paint to be done as per the general technical specifications, the price includes the supply of all materials necessary to complete the work, acrylic emulsion (Ayoub or its equivalent), wall filler, sandpaper and water, and leveling the walls by removing the bumps and making the surface smooth and removing debris after the end of the stage يتم عمل الطلاء حسب المواصفات الفنية العامة السعر يشمل توريد المواد اللازمة لانجاز العمل من بوماستيك أيوب أو ما يعادله والطلية الحريية والجير الحي والصفرة وماء صالح للاستخدام , وتسوية الحوائط بإزالة النتوات وجعل السطح ناعم وأملس بعد الطلية الحريية وإزالة وترحيل الأنقاض بعد نهاية المرحلة				
6.1	Supply and apply 3 coats of high quilaty washable acrylic emulsion paint over the smooth finish wall filler, for the internal face of the wall, as per engneer instruction توريد وعمل طلاء بالبوماستيك الجيد ثلاثة أوجه مع الطلية الحريية والصفرة على حسب أصول الصنعة وتوجيهات المهندس المشرف للحوائط من الداخل	M2	150		

6.2	Supply and apply 3 cots of high quilaty washable acrylic emulsion paint, for the external face of the wall, as per engineer instruction توريد وعمل طلاء بالبوماستيك الجيد ثلاثة أوجه مع الطلية الحربية والصفرة على حسب أصول الصنعة وتوجيهات المهندس المشرف للحوائط من الداخل	M2	72		
6.3	Supply 2 coats of oil paint for the internal face of the walls, with hight 1.5 m, as per engineer instruction توريد وعمل طلاء بالبوهية الزيتية ارتفاع 1.5 متر على حسب أصول الصنعة وتوجيهات المهندس المشرف للحوائط من الداخل.	M2	47		
7	Roofing				
7.1	Supply and Install 0.35 mm zinc sheet (Abo husan or equivalent), sheet to be fixed with horizontal steel Box pipe 8*4cm, 1mm thick, each 80 cm, price incusive neils and whatever required to finish the jop properly. توريد وتركيب سقف من الزنك ابو حصان او مايعادله عيار 35 ملم ويربط الزنك على مداد مواسير 8×4سم كل 80 سم ومسامير مايكا 14 وعمل كل مايلزم على حسب اصول الصنعة وتوجيهات المهندس المشرف	M2	55		
7.2	Supply and install false-seiling UAE origon, or similar icluding fiittings (angles, wires, bolts) as per engineer's instructions All works as per specifications and the directions of the IRC Engineer توريد و تركيب السقف المستعار من اجود الأنواع شاملا تركيب الزوايا و السلوك والمسامير حسب توجيهات المهندس المشرف	M2	55		
8	Electrical work				
8.1	Supply and Instal LED linear strip lamp with extenension and switches. توريد وتركيب لمبة شريط كاملة التوصيلات والمفتاح	NO	5		
8.2	Supply and Instal Indian ceiling fan 56", 300 rpm, price include all conections Cabeles and switches. توريد وتركيب مروحة سقف اورينت هندية قلب كبير كاملة التوصيلات والمفتاح	NO	3		
8.3	Supply and instal 13 Amp single switched soket outlet with indicator (Ariam or equivalent) توريد وتركيب بلك خماسي ماركة أريام كامل	NO	5		
9	Steel and Iron works				
	Steel work to be done according to the general technical specifications The price includes the supply of materials necessary to complete the work from rectangular pipes of different diameters, welding, steel sheet, fine and coarse mesh, and all accessories and removal and removal of rubble after the end of the stag الحدادة حسب المواصفات الفنية العامة السعر يشمل توريد المواد اللازمة لانجاز العمل من مواسير مستطيلة مختلفة يتم عمل وإزالة وتحويل الأنقاض بعد نهاية المرحلة الأقطار واللحام والصاج المحير والنملي الناعم والخشن, وجميع الأكسسورات				
9.1	Supply and fix steel door (220*120) cm, using steel box 4*8 cm for the outer frame and 3*6 cm for the inner fram covered with steel sheet 1.5mm , price include handels, locks, anti rust and oile paint. توريد وتصنيع وتركيب باب (220×120) سم من المواسير المستطيلة (8×4) سم كفريم خارجي و3×6 كفريم داخلي يجلد الصاج المحير الثقيل السعر شامل الترابيس والقفل 3 حركات والطلاء بالبوهية الزلقون والبوهية الزيتية على حسب أصول الصنعة وتوجيهات المهندس المشرف	NO	2		

9.2	Supply and fix 4 panel steel window (120*120) cm, using steel box 3*6 cm for the outer frame and 5*2.5 cm for the inner fram, coverd with steel sheet 1.5mm , price include handels, locks, anti rust and oile paint. شرحه شباك كبير مفصل لأربع (120×120) سم من المواسير المستطيلة (6×3) سم فريم والضلف من المواسير (5*2.5) سم محشو بالصاج الثقيل والسعر شامل الطلاء بالبوهية	NO	4		
9.3	Supply and work of porcelain ceramics for the platform with a cement mixture 1:6 توريد وعمل سراميك للارضيات بخلطة اسمنتية 1:6	M2	55

	Work to be done as per the general technical specifications, and the price includes formworks to give a smooth and clean outer surface, and all the materials necessary to complete the work, locally made Portland cement, graded aggregate which free of impurities, coarse sand (kangar), usable water free of impurities, rebar locally-made, with good concrete treatment and curing with water 3 times a day for a period of 3 days, debris to be removed,				
	يتم العمل على حسب المواصفات الفنية العامة والسعر يشمل عمل الفرم اللازمة لإعطاء سطح خارجي أملس ونظيف، وكل المواد اللازمة لإنجاز العمل من اسمنت بورتلاندي محل الصنع وركام متدرج وخالي من الشوائب ورمل خشن (كنجر) ومياه صالحة للاستخدام خالية من الشوائب وحديد تسليح جيد محلي الصنع، مع المعالجة الخرسانية الجيدة ورشها بالماء على 3 مرات يوم لمدة زمنية 3 أيام، مع إزالة الأنقاض				
2.1	supply and apply reinforced concrete 1:2:4, for the lintel beam 30*20 cm, use 4 bars 16mm Dia, 8mm links each 20 cm. As per specification and Engineer instruction	M3	4		
	توريد وصب خرسانة مسلحة 1:2:4 (بحديد تسليح 4 لينيا عدد 4 مع كانت 8 ملم كل 20 لبيم العتب (30×20) سم				
2.2	supply and apply 10 cm plain concrete 1:3:6, for floors As per specification and Engineer instruction	M3	11		
	توريد وتطبيق الخرسانة العادية 10 سم 1:3:6 ، للأرضيات حسب المواصفات وتعليمات المهندس				
2.3	Supply and installation of ceramic floors of the finest types with cement mortar 1:6, according to the principles of workmanship and the instructions of the IRC engineer	M2	106		
	توريد وتركيب سيراميك للأرضيات من أجود الأنواع بمونة اسمنتية 1:6 وذلك حسب اصول الصنعة وتعليمات مهندس IRC				
3	Masonry Work				
	Masonry work to be done with red bricks, classified number (1) , the price includes the work of the necessary scaffolding, cutting and forming bricks for the joint and door openings, and all the materials necessary to complete the work such as ordinary Portland cement locally made, clean sand, water to be free of impurities, and curing with water 3 times per day for week, with the removal of debris				

	يتم البناء بالطوب الأحمر المصنف نمرة (1) الخالي تماما من الطوب الأصفر والطوب الفايبر , السعر يشمل عمل السقايل اللازمة وقطع وتشكيل الطوب لأجل الرباط وفتحات الأبواب وكل المواد اللازمة لانجاز العمل من اسمنت بورتلاندى عادى محلى الصنع ورملة جيدة وماء خالى من الشوائب ورشها بالمادة على 3 مرات يوم لمدة زمنية أسبوع , مع إزالة الأنقاض			
3.1	Supply and completion of the existing construction of first-class red brick using clay mortar, thickness ½ bricks, total height 4.5 mincluding the parapet wall.As per specification and Engineer instruction	M2	195	
	توريد واستكمال البناء الحالي من الطوب الأحمر من الدرجة الأولى باستخدام المونة الطينية سمك طوبة ونص ، الارتفاع الكلي 4.5 م البريت			
4	Steel Work			
	Steel work to be done according to the general technical specifications The price includes the supply of materials necessary to complete the work from rectangular pipes of different diameters, welding, steel sheet, fine and coarse mesh, and all accessories and removal and removal of rubble after the end of the stag			
	يتم عمل الحدادة حسب المواصفات الفنية العامة السعر يشمل توريد المواد اللازمة لانجاز العمل من مواسير مستطيلة مختلفة الأقطار واللحام والصاج المحير والنملى الناعم والخشن, وجميع الأكسسورات وإزالة وترحيل الأنقاض بعد نهاية المرحلة			
4.1	supply and fix steel door (220*120) cm, using steel box 4*8 cm for the outer frame and 3*6 cm for the inner frame covered with steel sheet 1.5mm , price include handles, locks, anti rust and oil paint As per specification and Engineer instruction .	NO	4	
	توفير وتركيب باب حديدي (220*120) سم، باستخدام صندوق حديدي 4*8 سم للإطار الخارجي و3*6 سم للإطار الداخلي مغطى بورقة حديدية بسماكة 1.5 مم، السعر يشمل المقابض، الأقفال، مضاد للصدأ وطلاء زيتي.			
4.2	Supply and installation of a window with dimensions (120 * 120) cm using rectangular pipes 3 * 6 cm for the outer frame and 5 * 2.5 cm for the inner frame covered with steel plates 1.5 mm The price includes handles, locks, rust resistance and oil paint All works according to specifications and engineer's instructions	NO	8	
	توريد وتركيب نافذة بأبعاد (120*120) سم باستخدام مواسير مستطيلة 3*6 سم للإطار الخارجي و5*2.5 سم للإطار الداخلي مغطى بالصاج 1.5 مم السعر يشمل المقابض والأقفال ومقاومة الصدأ والدهان الزيتي جميع الأعمال حسب المواصفات وتعليمات المهندس			
4.3	Supply and installation of a roof of zinc Abu horse or equivalent caliber 35 mm and connects zinc on a pipe 4x8 cm every 60 cm and beams of pipes 4 * 8 number 3 pipes per room and the price includes drill screws and work all necessary according to the principles of workmanship and the directives of the supervising engineer	M2	120	
	توريد وتركيب سقف من الزنك ابوحصان او مايعادله عيار 35 ملم ويربط الزنك على مداد من المواسير 4x8 سم كل 60 سم وعارضات من المواسير 4*8 عدد 3 مواسير لكل غرفة والسعر يشمل مسامير دريل وعمل كل مايلزم على حسب اصول الصنعة وتوجيهات المهندس المشرف			
4.4	supply and install false-seiling UAE orign,or similar icluding fiittings (angles, wires,bolts) as per engineer's instructions All works as per specifications and the directions of the IRC Engineer	M2	120	

	توريد و تركيب السقف المستعار من اجود الأنواع شاملا تركيب الزوايا و السلوك والمسامير حسب توجيهات المهندس المشرف				
5	Plastering work				
	Plastering work to be as per the general technical specifications, The price includes the supply of all materials necessary to complete the work such as local Portland cement, clean sand free of impurities and pure water, and the settlement of walls by removing the protrusions, with curing by water at least 3 times a day for a week and removing all debris after the end of the stage				
	يتم عمل البياض حسب المواصفات الفنية العامة السعر يشمل توريد المواد اللازمة لانجاز العمل من اسمنت بورتلاندى محلى ورملة مغربية وخالية من الشوائب وماء صالح للاستخدام , وتسوية الحوائط بإزالة النتوات مع الرش بالماء على الاقل 3 مرات يوميا ولمدة أسبوع وإزالة وترحيل الأنقاض بعد نهاية المرحلة				
5.1	Supply and apply 2cm plastering for enternal and external walls with sand cement mortar 1:8 mix, as per specification and engineer instruction, price include the parapet All work As per specification and Engineer instruction.	M2	579		
	توريد وعمل بياض سمك 2 سم بالمونة الأسمنتية 1:6 للحوائط من الداخل و الخارج شامل المعابر والسوكات السعر شامل البريت حسب اصول الصنع				
6	Painting Work				
	Paint to be done as per the general technical specifications, the price includes the supply of all materials necessary to complete the work, acrylic emulsion (Ayoub or its equivalent), wall filler, sandpaper and water, and leveling the walls by removing the bumps and making the surface smooth and removing debris after the end of the stage				
	يتم عمل الطلاء حسب المواصفات الفنية العامة السعر يشمل توريد المواد اللازمة لانجاز العمل من بوماستيك أيوب أو ما يعادله والطلية الحريية والجير الحي والصنفرة وماء صالح للاستخدام , وتسوية الحوائط بإزالة النتوات وجعل السطح ناعم وأملس بعد الطلية الحريية وإزالة وترحيل الأنقاض بعد نهاية المرحلة				
6.1	Suplly and work interior paints for rooms 3 faces one face of silk paint(2) Economical bomastic face according to therequired color and engineer's instructions required color and engineer's instruction	M2	500		
	توريد وعمل الدهانات الداخلية للغرف 3 اوجه (2)وجه من البوماستيك الاقتصاديالوجه الأخير من البوماستك السلك الاقتصادي للمبنى الجديد والقديم حسب اللون المطلوب وتعليمات المهندس				
6.2	Supply and work of external paints the first face of lime and gypsum and 2 faces of economic bomastic, according to the required color and instructions of an engineer	M2	336		
	توريد وعمل دهانات خارجية الوجه الاول من الجير والجبس و2 وجه من البوماستيك الاقتصادي للمبنى الجديد والقديم وذلك حسب اللون المطلوب وتعليمات مهندس				
7	Electrical work				
	The electrical work to be carried out according to the general technical specifications and conforming to the Sudanese specifications, for all wires and electrical devices. The price includes all materials necessary to complete the work from economic lamp, ceiling fans, blocks, switches, wires (Alsharq brand or equivlent) of different diameters 2mm, switches and plastic pipes for walls, removal and migration of debris after the end of the stage				
	تتم أعمال الكهرباء حسب المواصفات الفنية العامة والمطابقة للمواصفات السودانية او السعودية من الأسلاك والاجهزة الكهربائية السعر يشمل توريد المواد اللازمة لانجاز العمل من لمبات اقتصادية ومراوح سقف وبلكات ومفاتيح وأسلاك (ماركة الشرق مختلفة الأقطار 1.5 ملم) ومفاتيح ومواسير بلاستيكية للحوائط وإزالة وترحيل الأنقاض بعد نهاية المرحلة				

7.1	supply and Instal LED linear strip lamp with extenension and switches All work As per specification and Engineer instruction.	NO	6		
	توريد وتركيب لمبة شريط كاملة التوصيلات والمفتاح وذلك حسب تعليمات مهندس				
7.2	Supply and installation of 2 line switch with accessories included All work As per specification and Engineer instruction	NO	6		
	توريد وتركيب مفتاح 2 خط ب بلك مع شامل الملحقات وذلك حسب تعليمات مهندس				
7.3	Supply and installation of Orient Indian ceiling fan, the price includes all Cabels connections and switches All work As per specification and Engineer instruction	NO	7		
	توريد وتركيب مروحة سقف اورينت هندية قلب كبير كاملة التوصيلات والمفتاح				
8	Backfilling work				
8.1	Supplying and making backfills with red backfill soil inside the building, height 30 cm with a good compaction after spraying with water as directed by the supervising engineer	M3	32		
	تجهيز وعمل الردم بتربة الردم الحمراء داخل المبنى ارتفاعها 30 سم مع ضغط جيد بعد الرش بالماء حسب توجيهات المهندس المشرف				
9	Fencing works				
9.1	Removal and re-excavation of bases with dimensions of 30 * 30 cm and depth of 40 cm and re-casting of inclined pipes number 14 pipes every 3 m with the supply and installation of 8 m 2 of expanda to replace the damaged part and the price includes sand, cement, concrete and labor	Job	1		
	فك وإعادة حفر قواعد بأبعاد 30 * 30 سم وعمق 40 سم وإعادة صب المواسير المائلة عدد 14 ماسورة كل 3 م مع توريد وتركيب 8 م 2 من الأكسبندة لاستبدال الجزء التالف والسعر يشمل الرمل والأسمنت والخرسانة والعمالة				
9.2	Supplying materials and making oil paint for the fence, including pipe and expenda paint, according to the color required, all work in accordance with the specifications and directives of the IRC engineer.	M2	340		
	توريد المواد وعمل طلاء زيتي للسور ويشمل الطلاء المواسير والاكسبندة وذلك حسب اللون المطلوب جميع الأعمال وفقا للمواصفات وتوجيهات مهندس IRC.				
9.3	supply and install new Door size (2*3)m manufacturing from rectangular pipe 4*8cm for frame and pipe 3*6 cm inculuding painting and hinges and bolt drum on the outside all work in accordance with the specifications and directives of the IRC engineer.	NO	1		
	توريد وتركيب باب مقاس 3*2 متر من المواسير 4*8 سم كفريم والمواسير 3*6 للضلف والسعر يشمل الترابيس وترباس بطيئة من الخارج والمفصلات مع المفصلات
