Notes for tenderers

- Lots 1 and 2 are delivered at the same 23 facilities. A tenderer bidding both lots works at one set of sites.
- Lot 3 is delivered at 10 facilities that receive no latrine and no tank. Five are in Kararri locality, Khartoum State, and five are in Al Jazeera State.
- Mobilization in the Lot 1 bill of quantities is priced once per locality, not once per facility. The localities in scope for Lot 1 are Sharg Al Jazeera, Medani Al Kubra, Um Al Qura, Al Kamlin, Bahri, Jabal Awlia and Kararri.
- Muslim Aid is not organizing a group site visit. Tenderers are responsible for satisfying themselves as to access, ground conditions and any existing water source at each location before pricing, and may arrange their own inspection.
- Facility names are as recorded by the programme team. Where a name is spelled differently locally, the state and locality govern.
